

ALL-OVER CAPRI LEGGINGS

Maximum graphic size

47" × **35"**
width height

FILE FORMAT

Please submit your files in **JPG**, **PNG** or **PSD** format.

COLOR

All colors should be in **RGB**.

FONTS

All fonts in the print files should be converted to outlines so you don't have to send over the font files.

PLACEMENT

Exact placement is **not possible**. Our capri leggings are cut and sewn and are best when designed with patterns and full bleed images. Text placement will not be precise. Making a seamless image in the front or back is impossible.

Custom logo

You need to create a separate print file for your custom capri leggings logo and submit it along with your capri leggings print file. The custom logo template is found in the downloadable capri leggings print file folder.
