Print file size

**46.5"** × **26.5"**  
width height

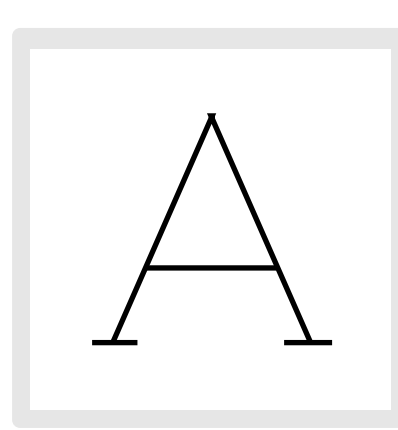

## FILE FORMAT

Please submit your files in **JPG, PNG** or **PSD** format.

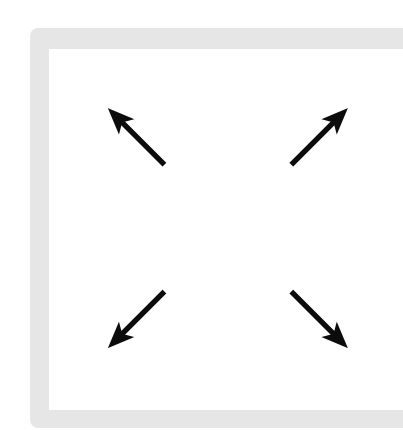

## COLOR

All colors should be in **RGB**.

## FONTS

All fonts in the print files should be converted to outlines so you don't have to send over the font files.

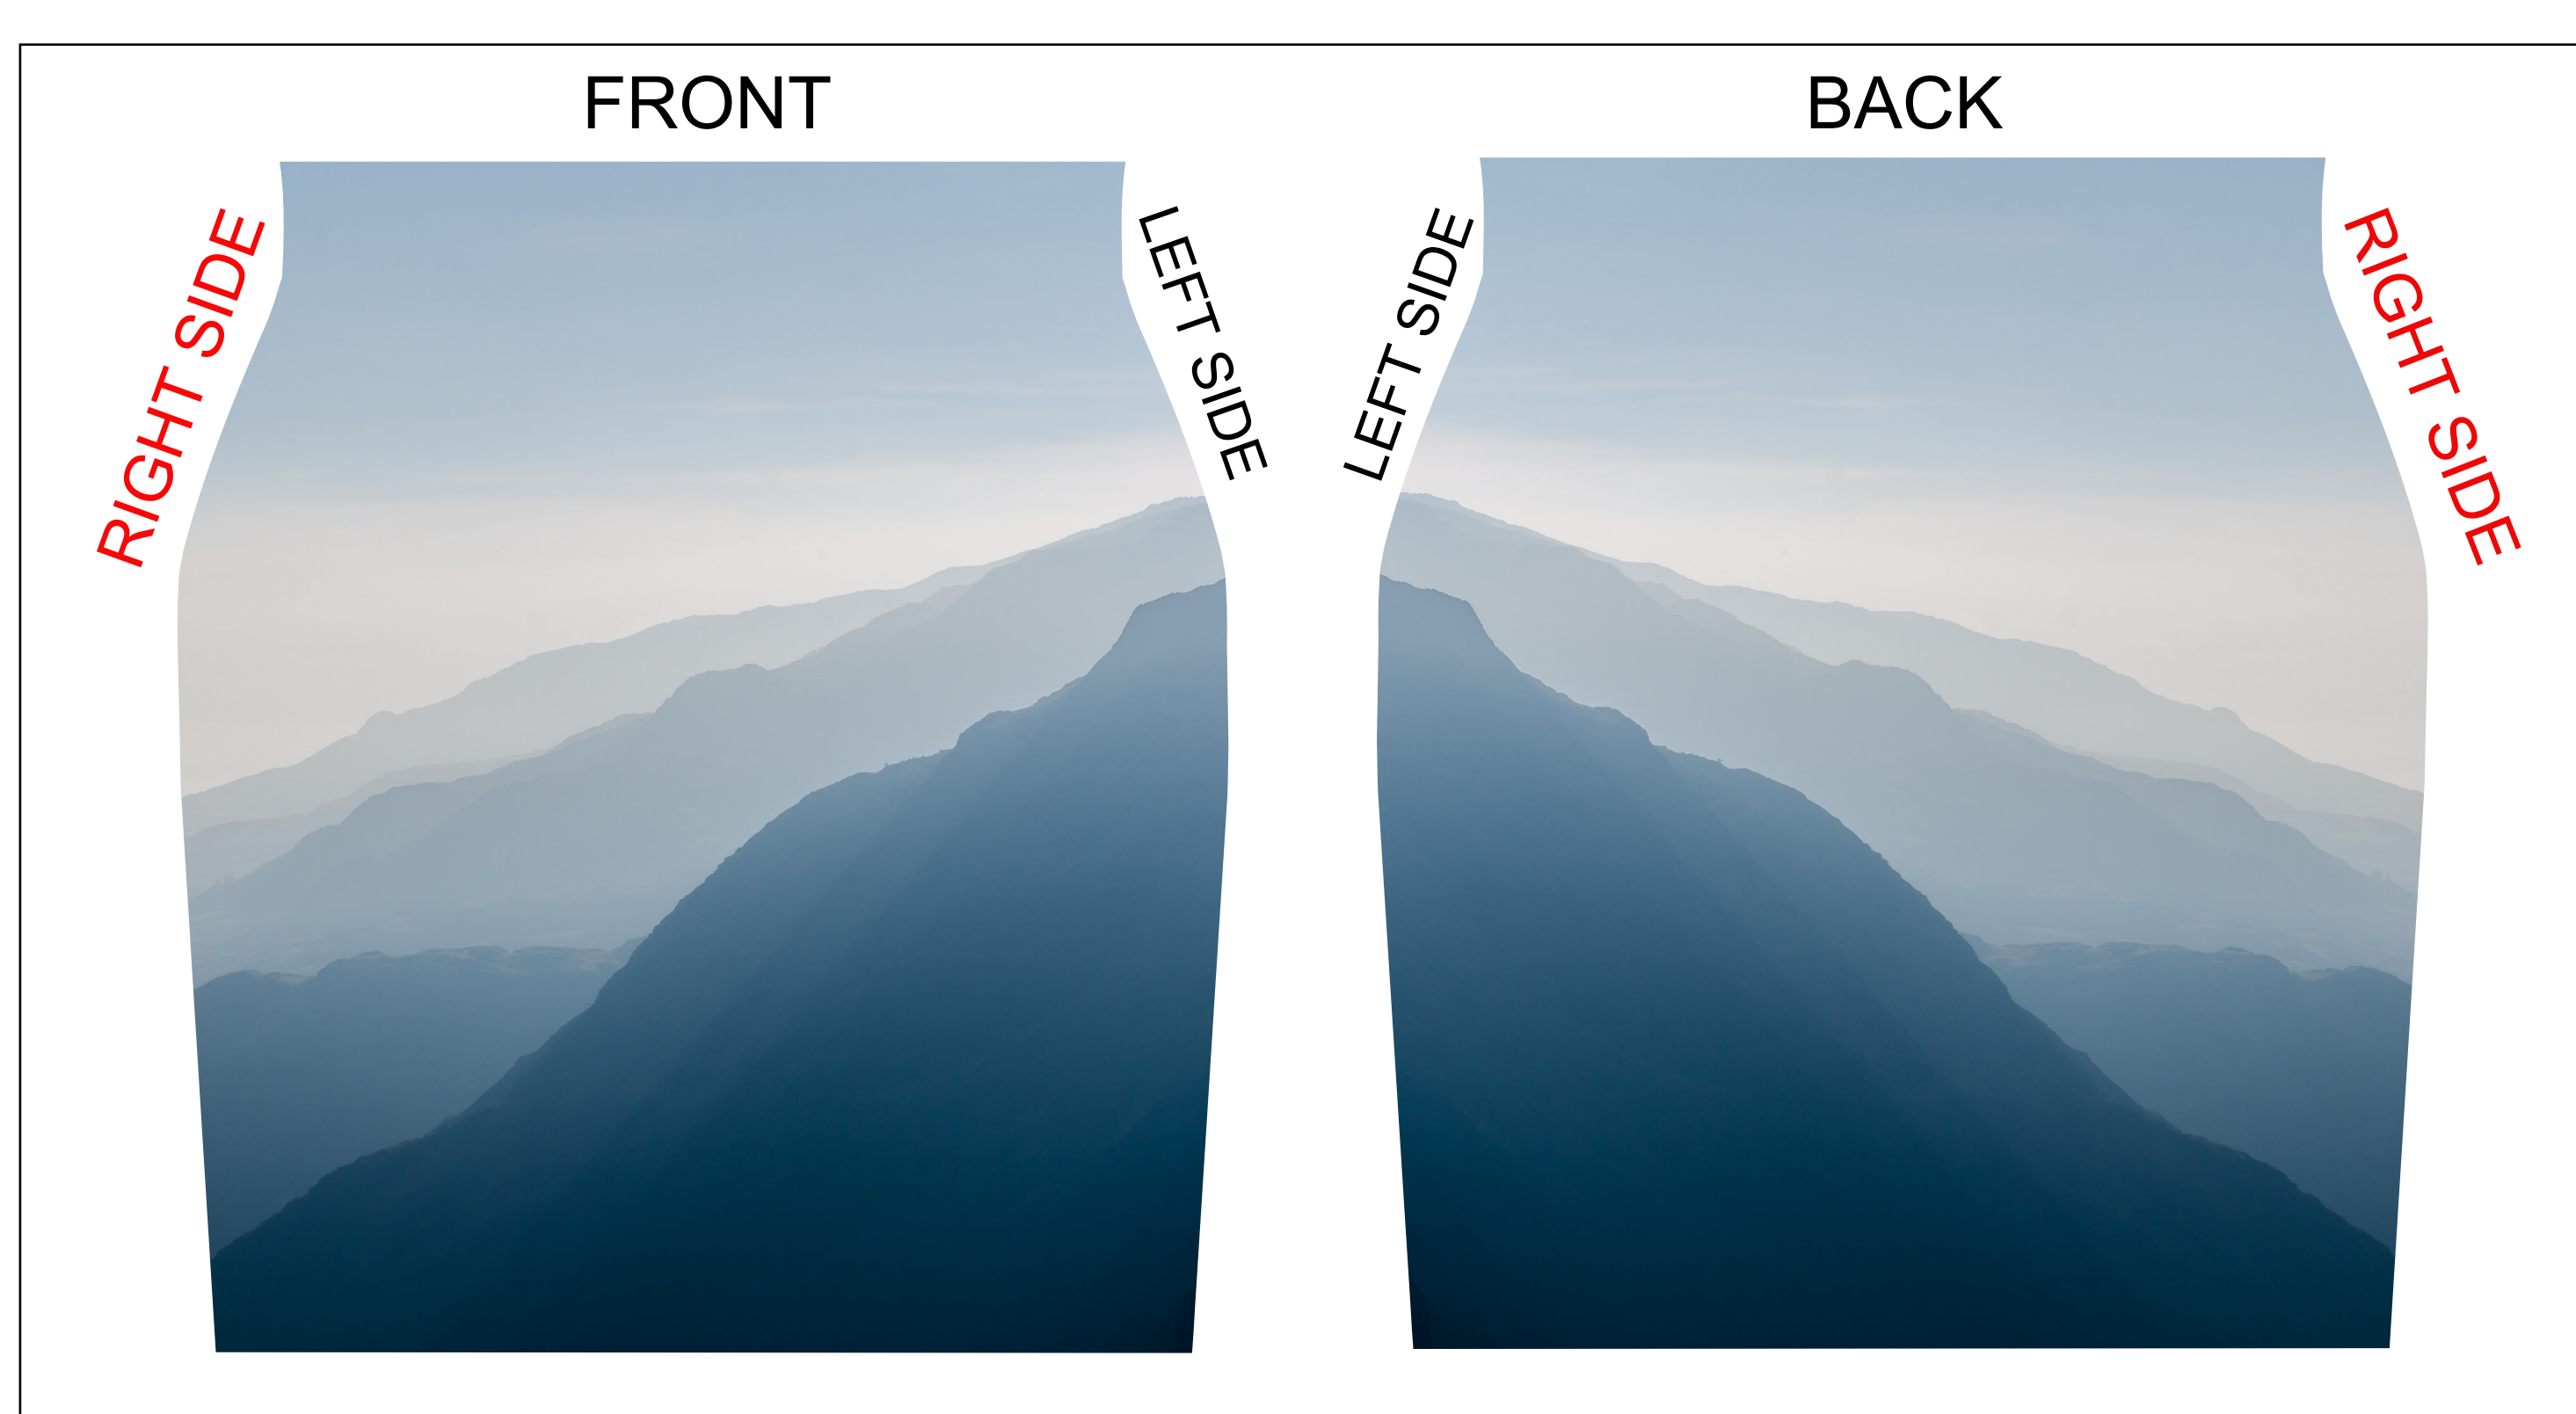

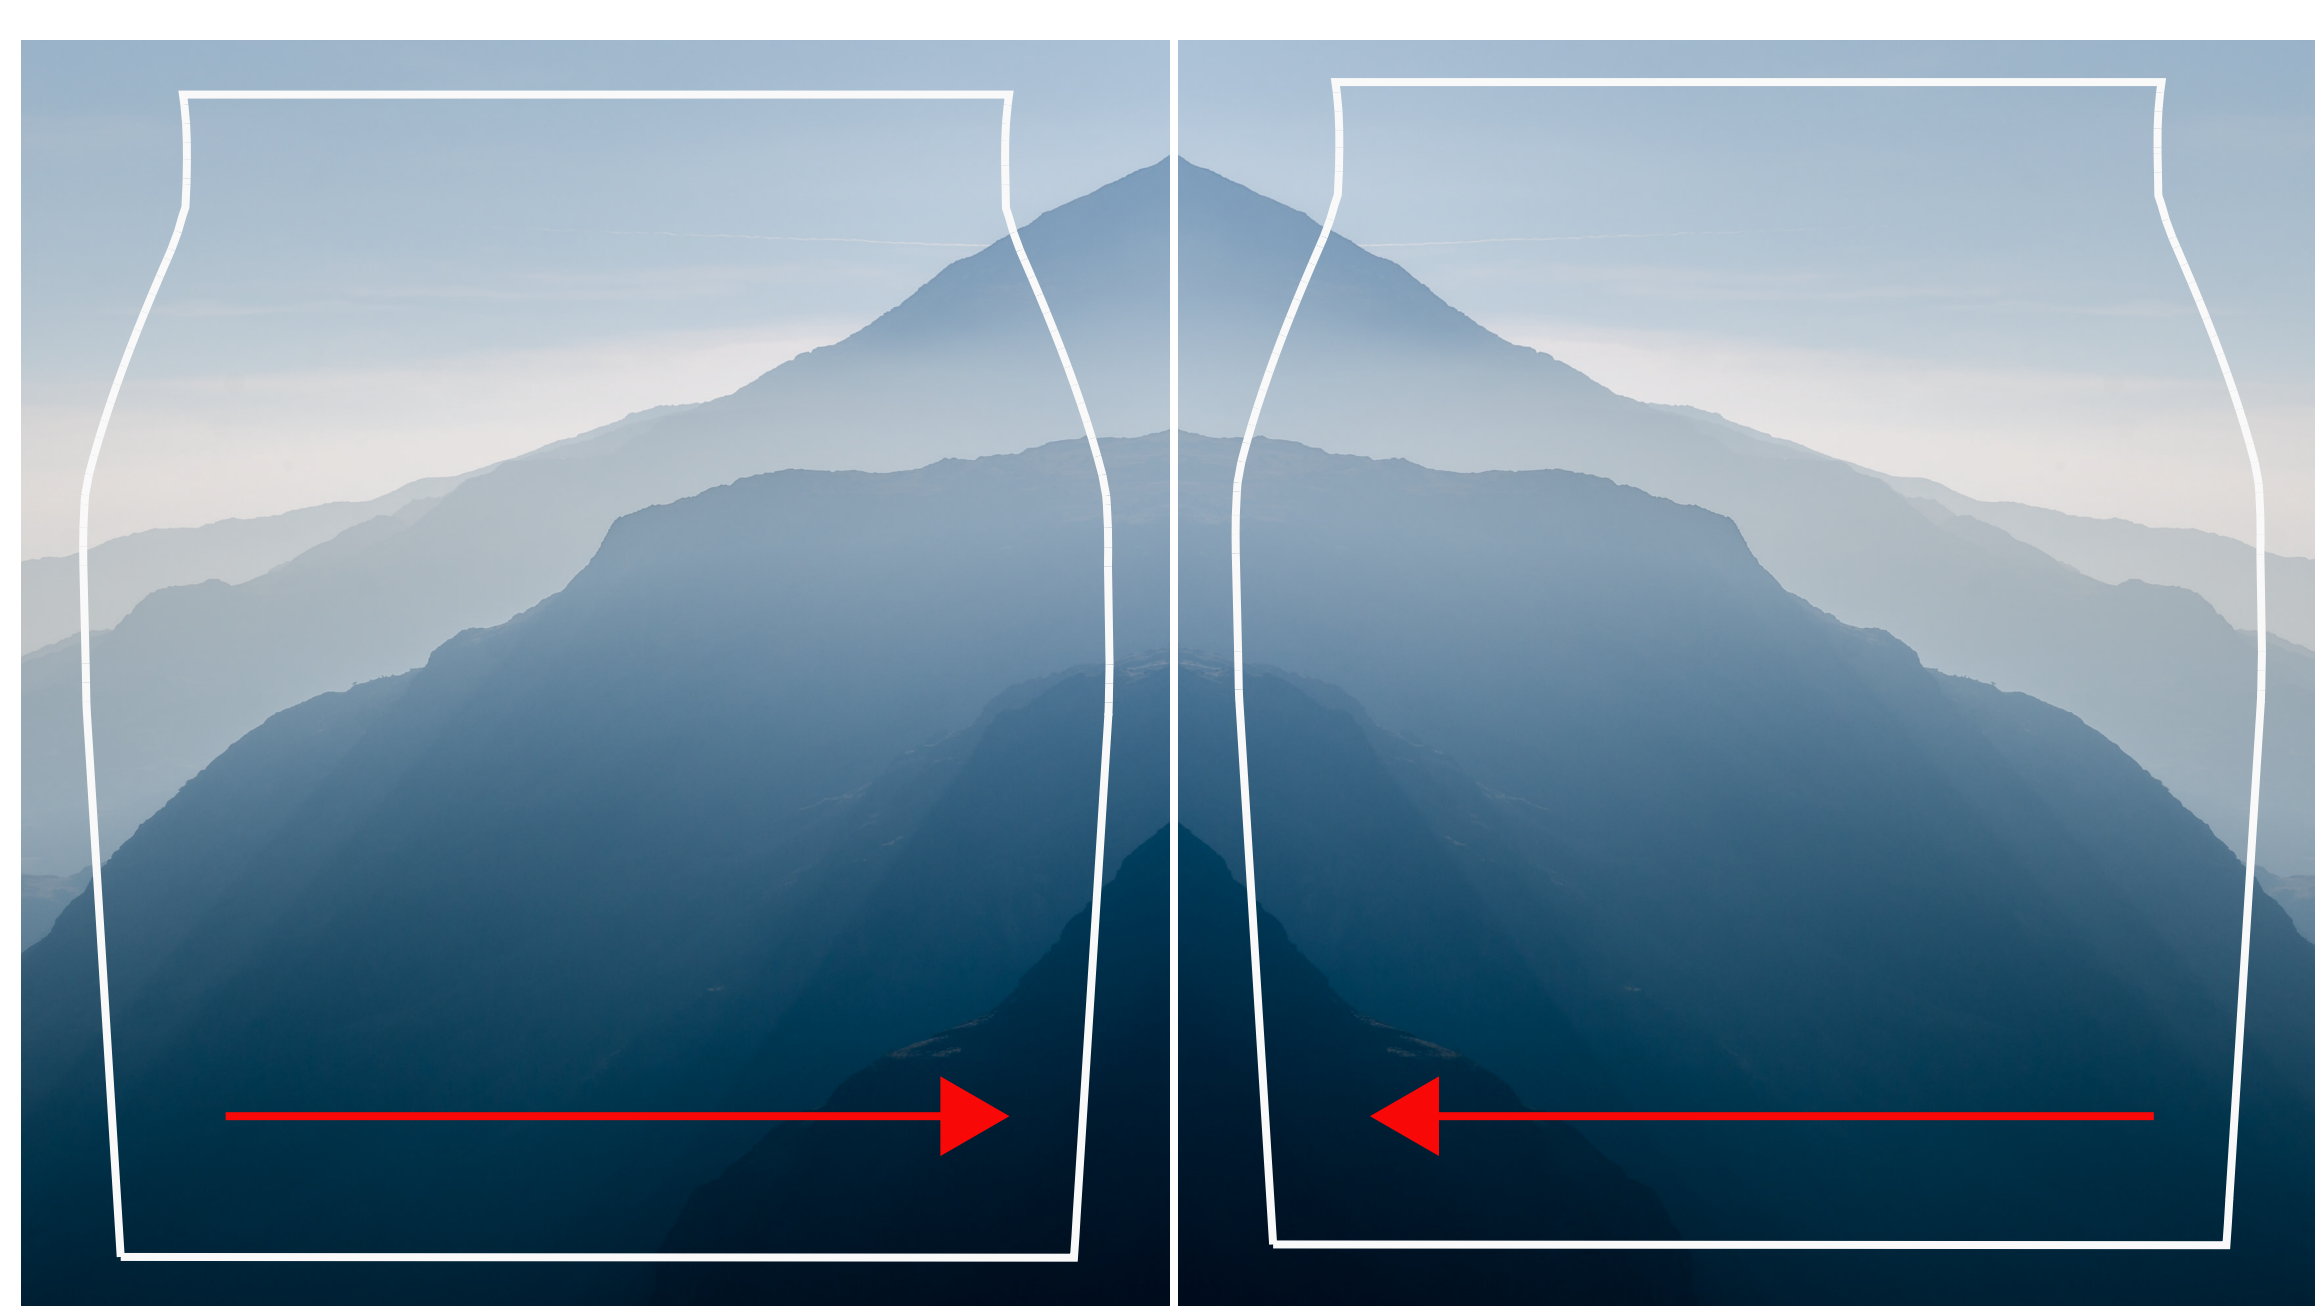

## PLACEMENT

Exact placement is **not possible**. Our pencil skirts are cut and sewn and are best when designed with patterns and full bleed images. Text placement will not be precise. Making a seamless image from front to back is impossible.
